EDUCATION

M.Sc. in Computer Science (Machine Learning Specialization)

Focus: Applied mathematics, statistical modeling, and deep learning algorithms.

Diploma in Software Engineering (2013-2015)

Hands-on experience in full-stack web development and mobile app creation.

WORK EXPERIENCE

Data Scientist | Analytics Team (2019-2023)

Led research, design, and development of Machine Learning and Deep Learning algorithms to tackle complex fraud-oriented challenges.

Collaborated closely with software engineers and program managers to deliver end-to-end products, including large-scale data collection, analysis, model development, and validation through to production.

Developed predictive models that enhanced decision-making processes, reducing operational costs by 25%.

Software Engineer | XYZ Corp (2018-2022)

Developed scalable backend applications, improved system efficiency by 30%, and led agile development sprints.

SKILLS
